EDUCATION

Bachelors of Technology (CSE) **2022-2026**
ABESIT

Senior Secondary Education
Nutan Vidya Mandir **03/2022**

WORK EXPERIENCE

SoftPro Webtech | Web Developer Intern **9/2025-12/2025**

- Debugged and optimized a responsive bakery website using Java, improving user engagement by ~20% and streamlining the online ordering experience.
- Integrated frontend with backend/database to manage product data and orders efficiently, ensuring seamless data flow and reducing manual intervention by ~30%.

AI Signal | Software Engineering Intern **May 2026 – Present**

- Designed and refined database structures and entity relationships, improving data retrieval efficiency by approximately 20%.
 - Collaborated with the engineering team to define backend workflows and system architecture, reducing implementation complexity by around 15%.
-

PROJECTS

TalentDash

- Developed a data-driven platform enabling users to compare salaries, job roles, companies, and career growth opportunities across industries, improving decision-making efficiency by approximately 30%.
- Implemented search, filtering, and comparison features for analyzing compensation trends and company insights, enhancing user engagement by nearly 25%.
- Tech Stack: Next.js, React, TypeScript, Tailwind CSS, Prisma, PostgreSQL, REST APIs

Gym Management System

- Engineered a full-stack Gym Management System (Java, Spring Boot, MySQL) handling 100+ member records, enabling real-time tracking of memberships, payments, and user activity.
 - Built an interactive frontend (HTML, CSS, JavaScript) with backend API integration, ensuring smooth real-time updates and improving overall user experience by ~20%.
 - Tech Stack: Java, Spring Boot, React, MySQL, JPA/Hibernate, HTML, CSS, JavaScript
-

TECHNICAL SKILL

- Technical Skills: Java, Spring Boot, Python, JavaScript, React.js, HTML5, CSS3, Tailwind CSS, REST APIs, MySQL, PostgreSQL, Git, GitHub, Data Structures & Algorithms, Object-Oriented Programming (OOP), Database Management Systems (DBMS), Operating Systems, Computer Networks
-

ACHIEVEMENTS

- Developed multiple full-stack web applications using Java, Spring Boot, React, and SQL technologies.
- Achieved 1st place in an internal hackathon by team collaboration.
- Solved 100+ DSA problems across LeetCode & GFG, strengthening algorithmic and coding proficiency.
